

Playing our lottery gives you a chance to win a cash prize whilst also supporting our charity!

DanceSyndrome is a small, local charity providing unique opportunities for people with and without learning disabilities.

We offer inclusive dance workshops that are co-led by people with and without disabilities and also provide the dance leadership training needed to lead those sessions.

Our team of dancers perform live at special events across the UK with the aim of inspiring people and demonstrating that people with disabilities can live a life of their choosing and follow their dreams.

We have changed the lives of hundreds of people with learning disabilities thanks to large grants, but we no longer have major funding so we now need your help to enable us to continue to deliver these life changing opportunities.

By playing the lottery you are helping us to continue our work whilst also being in with a weekly chance of winning yourself one of 50 cash prizes!

50 cash prizes every week!

One entry for £1 and 10 chances to win!
